Mechanical Systems Maintenance

24 hour service keeps you up and running

Dunbar your cost-effective and responsive provider of:

- HVAC Maintenance
- Temperature Controls/Building Automation Systems
- Backflow Preventer Testing and Certification
- Plumbing Services
- Burners/Boilers
- Chiller Systems
- Refrigeration Services
- Emergency Repairs

Dunbar Mechanical's Service Group is

Cost-Effective — There is so much more on the line with a mechanical breakdown than the price of the repair. Having a maintenance agreement with Dunbar saves:

- *Down time*
- *Lost production*
- *Missed deadlines*

Responsive — a real person answers your call, no matter when you call.

Dunbar's service team is on-call 24 hours a day, 365 days a year.

Service trucks are fully equipped and technicians are standing by to respond instantly.

Professional — Our technicians are highly skilled, well trained craftsmen.

Licensed in all types of mechanical systems.

Backed by the entire company's expertise and a complete inventory of special equipment maintained for your needs.

Dunbar has been certified by the Mechanical Service Contractors of America as

one of the first 50 in the nation

...your assurance of quality and value
